

ACE Reporting Template: Completed by Department/Program

Outcome, Opportunities, and Methods

ACE Outcome

List of ACE courses with this outcome in the department/program:

Method for collecting and assessing outcome across courses

- How did the department/program collect summaries and samples of student work across courses and their respective sections?
- How did the department/program aggregate and review that work?
- What were the kinds of assignments used to assess student achievement across courses?

Assessment Results

Summary of assessment results

- Summarize the assignments and/or tests used to assess student achievement of the outcome.
- Describe the degree or extent that samples of student work demonstrate achievement of the outcome.

[Will provide link to guidelines with examples]

Conclusions about assessment results

- What is working well in your department/program's courses to achieve this outcome?
- What modifications to your department/program's courses would improve student achievement of the outcome?
- What modifications will be or have been implemented, and is there evidence those modifications were effective?

Attachments

1. Samples of student work (if not in Blackboard Outcomes or PEARL)
2. Key results of aggregated student work used to inform department's summary and conclusions.
